Starting school at BPPS in 2023

At the end of this term, I will be on school holidays.

When I come back next year,
I will stay with my 2022 class.

I will have a teacher looking after our class. It might not be our usual teacher.

We will get to share what we did during the holidays with our friends.

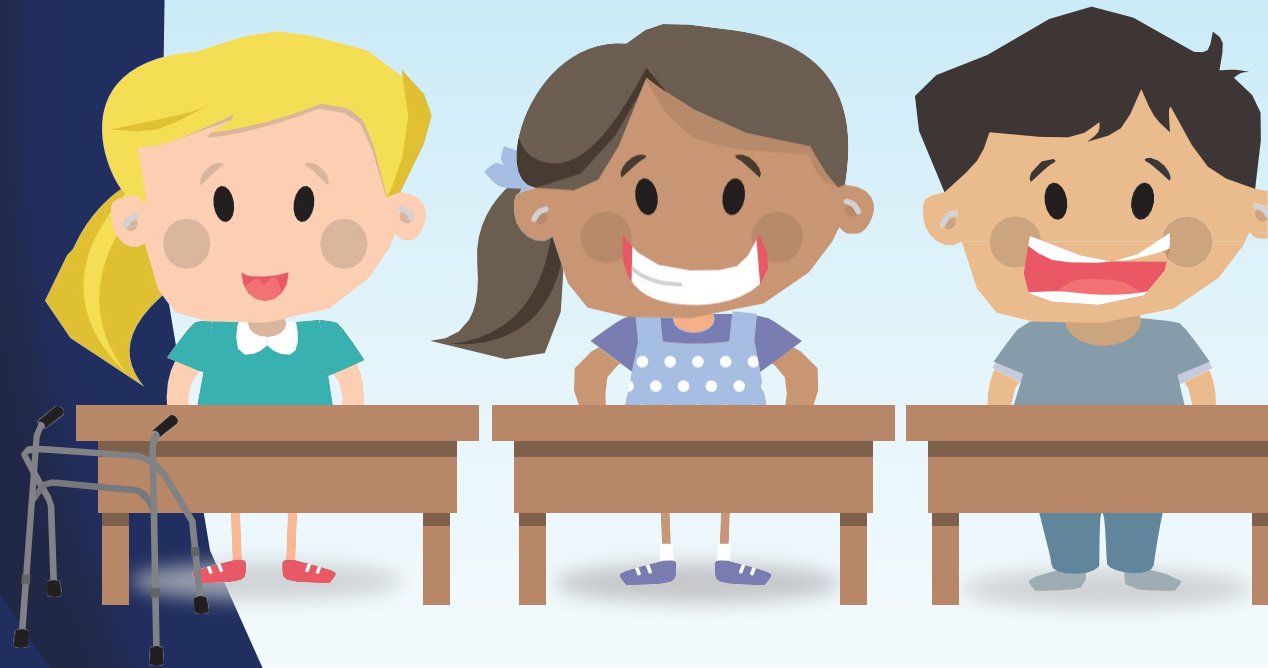

Hello, my name is Alice

We will still have recess and lunch like we always do. I will be able to play with my friends.

I will stay with my class for one or two days before I get put into my new class.

On the day we go into new classes we will take our bags and sit in our class lines.

We will sit outside like we do on Monday and Thursdays for our whole school assembly.

The teachers in my new year will call out students' names.

I must listen for my name to be called out for my new class.

When I hear my name I will take my bag and go and sit in line with my new class and my new teacher.

I will be ok.

My new teacher will be happy to have me in their class.

My new teacher will take me to my new classroom.

My new teacher will tell me where to put my bag.

I might have been in that classroom before. Or it might be a new classroom.

I will know some of the people in my class.

I will be able to make
new friends with the
people in my class.

When I go home I will be able to tell my parents or carers where my class is and the name of my new teacher.
